

## DRFF-520

Screw Presenter, Adjustable Rail 1.0-5.2mm

The DRFF-520 Precision Screw Feeder incorporates an adjustable rail which accommodates screw thread diameters from 1.0-5.2mm (#0-#10). A rail adjustment kit is included with the screw presenter to facilitate quick and easy setup. Three potentiometer adjustments give the user control of feed intensity and time.

- single rail accommodates all screw sizes
- multiple adjustments to optimize feed rate
- less moving parts for increased durability
- quiet operation

<b>Input:</b>	100-240VAC
<b>Output:</b>	15VDC (AC Adapter)
<b>Max Screw Length:</b>	0.75 in (19 mm)
<b>Screw Size:</b>	#0-#10 (1.0-5.2 mm)
<b>Dimensions:</b>	4.9x7.2x5.6 in (125x183x142 mm)
<b>Weight:</b>	5.4 lbs (2.45 kg)
